

Campus Wellness 808-245-8307

As a student service, the Campus Wellness Center (CWC) will respond to student health needs providing health care advice and triage of illnesses. We will continue to provide health services that are offered to our students. We know how important those health needs are and are committed to serving and addressing our campuses' health needs. At this time, we do not have the resources to staff the wellness center full time with a Nurse Practitioner for walk-in sick visits. We are scheduling appointments as deemed necessary on a case-by-case basis. Prior to scheduling an appointment, we will be screening clients to ensure the health and safety of our clinic and campus. We encourage anyone who has symptoms of an illness or has questions about an illness, to reach out to our Nurse Practitioners on Call, Tammie Napoleon or Sharon Ehlers. For any campus illness or injury that is considered an emergency or life-threatening, please call 9-1-1, then contact Campus Security and the CWC office below during normal semester business hours.

To schedule an appointment you can reach our Campus Wellness Center via phone, email, or voicemail. Email and voicemail are best. Our office assistant, Jeffrey Callejo, will be checking emails and phone messages on a daily basis during normal business hours Monday thru Friday.

If you wish to speak to the Nurse Practitioner on-call, please call 808-245-8307. If we do not answer, please leave us a message and we will return your call within 24 hours during business hours.

All of our services are confidential, and most services are free of charge:

- Health Screening
- Family Planning Services
- Sexually Transmitted Disease (STD) Screening
- Care of Common Illnesses
- Immunizations
- Tuberculosis (TB) Testing
- Stress Reduction & Emotional Care

CWC goals:

- Provide a site for health services for faculty, staff, and students.
- Provide high-quality, comprehensive health care.
- Provide a venue for wellness-focused research.
- Provide a training site for UH health career students.
