Distance Learning with Local Support! The University Center at Kaua‘i Community College

Stay Here. Go Forward!
The University Center (UC) at Kaua‘i Community College provides access to certificate, bachelor, and graduate degree programs offered by other University of Hawai‘i (UH) campuses through distance learning and provides support to students enrolled in online and hybrid programs.

UH offers over 50 degree and certificate programs supported by the UC using a variety of technologies. Each year, an average of 41 students graduate from UC supported programs.

When you click on the links below, you will be directed to the program’s web page. The information provided on the program’s web page, including the program sheets, are used for pre-advising only. Please make sure you work closely with your UH advisor to check that your courses satisfy the requirements specific to your degree program.

Note: Hybrid delivery requires both online and some face-to-face meetings.
