The University Center at Kaua‘i Community College provides access to higher education, via distance education, and provides local support services to help students reach their educational goal. The Center brings more than 50 University of Hawai‘i (UH) certificate, bachelor, and graduate programs not offered at Kaua‘i Community College to Kaua‘i residents. Students take classes through cable television, the Internet, polycom, and/or interactive television. The UC provides students the opportunity to pursue their educational goals without having to leave the island, so they can "Stay Here and Go Forward!" An Educational Specialist is available to help students navigate their distance education journey and provide support through pre-advising and assisting with completing the college application, registration processes, and distance learning student resources. Face-to-face and online resources are also available to UC students. If you would like more information on UC programs, events, and support services, please visit our webpage (https://www.kauai.hawaii.edu/university-center), call our office (808-245-8330), email our office (uckauai@hawaii.edu), or stop by the University Center, located on the second floor of the One Stop Center.
