Who We Are

- The University Center (UC) at Kaua‘i Community College works in partnership with the University of Hawai‘i (UH) campuses to deliver online programs to local residents on Kaua‘i.
- The UC provides UH online students with local support services and resources to help students navigate their distance education journey.
- Students receive degrees or certificates awarded by the UH campus offering the program of study. In recognition of this milestone, UC invites degree and certificate candidates from our distance learning facilitated programs to participate in commencement exercises on Kaua‘i.
- UH offers over 50 degree and certificate programs through the UC using a variety of technologies.

An Educational Specialist is available to help students navigate their distance education journey and provide support through pre-admissions advising, assisting with completing the college application and registration processes, and resources (e.g. library, proctoring, technology services, tutoring).
