University Center 808-245-8330

Online Learning with Local Support!

Who We Are

- The University Center (UC) at Kaua’i Community College works in partnership with the University of Hawai’i (UH) campuses to support online and hybrid programs for local residents on Kaua’i.
- The UC provides local support and other services to help students navigate their distance education journey.
- Students receive degrees or certificates awarded by the UH campus offering the program of study.
- In recognition of this milestone, UC invites degree and certificate candidates from UH distance learning facilitated programs to participate in commencement exercises on Kaua’i.
- UH offers over 50 degree and certificate programs supported by the UC using a variety of technologies.

Support services we provide to help students navigate their distance education journey:

- Explore UH online and hybrid degree programs
- Develop an educational goal and choose a program
- Learn about UH transfer options and programs (e.g. Automatic Admission and Ka’ie’ie)
- Pre-advising, apply, and register for classes
- Get local support and connect students with resources
