

# MARE 171L : Introduction to Marine Biology Laboratory I

**Credits:** 1

**Class Hours:** 3 lab

**Corequisites:** MARE 171 and either CHEM 151 or CHEM 161

**Comments:** Cross-listed with BIOL 171L.

**Description:** The laboratory complements MARE 171 and must be taken concurrently with the lecture. It is intended to provide laboratory experiences that focus on organic molecules, cell structure, cell functions, and genetics.

**Semester Offered:** Fall

**Designation:**

Diversification: Lab (Science) – DY
