

# MEDA 176L : Administration of Medications Lab

**Credits:** 1

**Class Hours:** 3 lab

**Prerequisites:** Admission into the Medical Assisting program.

**Corequisite Courses:**

MEDA 176

**Description:** This course will provide instruction on medication administration. Students will use applied mathematics and clinical techniques to safely prepare and administer medications in a medical office setting.

**Semester Offered:** Fall

**Course Student Learning Outcomes (CSLOs):**

1. Apply mathematical principles in the calculation and preparation of medications in simulated lab situations.
2. Prepare and administer medications safely via selected routes in simulated lab situations.
